

Declaration of Intent

Certificate in Engineering Thermal Energy Systems
College of Engineering, University of Wisconsin – Madison

Students:

Please fill out the following form and have it approved by an advisor for the Certificate program in your Department. The advisors are listed as contacts on the following website.

<http://www.engr.wisc.edu/certificate-in-engineering-thermal-energy-systems.html>.

Attach a list of the courses that will fulfill the **18** required credits and your most recent grade report to this form. To get a current grade report, sign into MyUW, click on “Student Center” and click on the “printable grade report” tab.

I am a degree-seeking undergraduate student. I have met with a faculty advisor for the Certificate program to develop a list of courses that I will take to meet the requirements of the Certificate. The Certificate Course Plan and current grade report is attached. I understand I must receive a B average in the courses comprising the Certificate. I affirm that I meet all requirements to apply for the Certificate in Engineering Thermal Energy Systems.

Student Information:

Name _____ Campus ID _____
Current Major _____ Graduation Date _____
Cumulative GPA _____ (attach your grade report)

Student Signature _____ Date: _____

Faculty Advisor

I have met with the above student and have approved this application for the Certificate in Engineering of Thermal Systems.

Name of Faculty Member _____ (please print)

Signature: _____ Date: _____

Course Plan for the Certificate in Engineering Thermal Energy Systems

Certificate in Engineering Thermal Energy Systems
 College of Engineering, University of Wisconsin – Madison

The Certificate in Engineering Thermal Energy Systems is geared toward UW-Madison undergraduate students and will require a total of **18** completed credits. Up to **nine** (9) of the credits can be thermal energy-related courses that are required in the student’s undergraduate major. The additional **nine** (9) credits must be selected from an assortment of approved elective courses in the College of Engineering. A B average (3.0) or better must be received in the 18 credits of planned courses.

Please see <http://www.engr.wisc.edu/certificate-in-engineering-thermal-energy-systems.html> for a list of approved courses

Certificate Courses

Category	Course Dept./Number	Credits and Grades received	Sem./Yr.
Courses in my major department that will be applied toward the Certificate			
Additional Courses that will be applied toward the Certificate			
Total Credits (18 required)			

Once these forms are completed, bring it to the Student Services office, room 2107 ME. Complete a Certificate Declaration form.
