

# THE UNIVERSITY OF WISCONSIN-MADISON CHEMICAL & BIOLOGICAL ENGINEERING

## RESEARCH

### FACULTY

**Styliani Avraamidou**

Circular economy systems; energy systems; multi-level optimization; robust optimization; supply-chain optimization

**Rose K. Cersonsky (joining spring '23)**

Molecular modeling and simulation; applied mathematics and machine learning; self-assembly and interactions of complex building blocks; colloids, soft matter, and nanomaterials

**Matthew A. Gebbie**

Interfaces; electrochemistry; soft materials; nanoscience; electrocatalysis; energy storage; electrolytes; ionic liquids

**Michael D. Graham**

Fluid mechanics; flow and rheology of complex and multiphase fluids; blood flow; nonlinear dynamics

**George W. Huber**

Heterogeneous catalysis; renewable fuels and chemicals; biomass conversion; plastic recycling

**Daniel J. Klingenberg**

Colloid science; complex fluids; suspension rheology

**Siddarth H. Krishna**

Heterogeneous catalysis; kinetics and mechanisms; microporous materials; sustainable fuels and chemicals; pollution control

**Whitney S. Loo (joining spring '23)**

Polymers; soft materials; nanomaterials; sustainability

**David M. Lynn**

Soft materials; surfaces and interfaces; polymers; nanotechnology; biotechnology; drug delivery

**Manos Mavrikakis**

Thermodynamics; kinetics and catalysis; surface science; computational chemistry; fuel cells; sensors; nanoscience

**Regina M. Murphy**

Biomedical engineering; protein-protein interactions; neurodegenerative disorders

**Sean P. Palecek**

Stem cell engineering; therapeutic cell biomanufacturing; antimicrobial agents; cell signaling

**Brian F. Pfleger**

Synthetic biology; biotechnology; protein engineering; sustainable chemical production

**Thatcher W. Root**

Green chemistry; renewable resources; catalysis; spectroscopy

**Marcel Schreier**

Electrocatalysis; renewable energy; electrified interfaces; kinetics and catalysis; surface chemistry; electrochemical synthesis of chemicals

**Eric V. Shusta (Chair)**

Drug delivery; protein engineering; stem cell engineering; biopharmaceutical design

**Ross E. Swaney**

Process design, synthesis, modeling and optimization

**Reid C. Van Lehn**

Molecular simulations; nanomaterials; soft materials; nano-bio interactions; cell membranes; solvent effects

**John Yin**

Systems biology; virus-cell interactions; immunology; microfluidics

**Victor M. Zavala**

Optimization; control; data science; energy and environmental systems

### AFFILIATE FACULTY

**AJ Boydston**

Additive manufacturing (3D printing); photoredox-catalyzed polymerizations; polymerizations in continuous flow; mechanochemistry

**Padma Gopalan**

Polymer synthesis and characterization; electro-optic and photonic materials; self-assembly of block copolymers; photonic devices; liquid crystalline polymers

**Ive Hermans**

Sustainable chemistry and catalysis engineering

**Vatsan Raman**

Systems and synthetic biology; protein design; biosensors; synthetic bacteriophages; high-throughput functional assays; sequence-function landscapes

**Philip A. Romero**

Protein engineering; machine learning; computational biology; high-throughput technology

**James J. Schauer**

Measurement and chemical characterization tools; air pollution origin and impacts; sensing

**Saverio E. Spagnolie**

Fluid mechanics; soft matter; biophysics; applied mathematics; numerical methods

**Ophelia S. Venturelli**

Synthetic & systems biology; computational modeling; microbial communities, microbiome engineering for bioprocessing, human health and agriculture applications; high-throughput experiments; microfluidics

**Application fee waivers:**

CBE provides application fee waivers to all domestic students, to international students who are currently enrolled in a US institution, and to all Fulbright Scholars. Please contact [gradrecruit@che.wisc.edu](mailto:gradrecruit@che.wisc.edu) with your request when you are ready to submit your application, but before you pay to submit it. If you qualify, you will receive a one-time use coupon to use in place of payment when you're ready to submit your application.

**For more information, please contact:**
